PT-21

Saboten®

AUTOMATIC Trimming Shears 160mm／49g

USING MAGNETIC REPULSION INSTEAD OF A SPRING

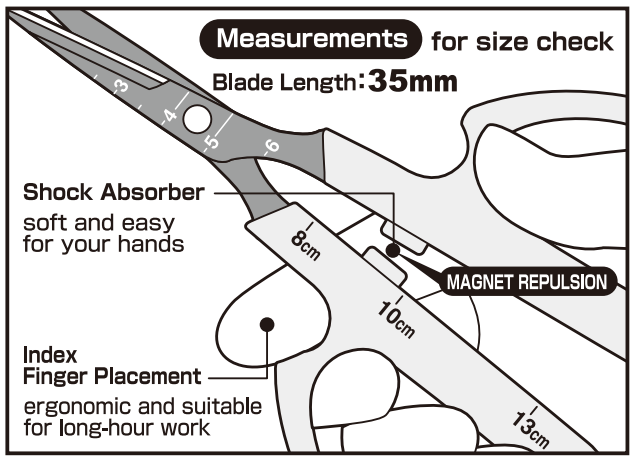

■ Ideal for work in hard-to-reach areas.
■ You can accurately cut the necessary parts even in narrow spaces.

MAGNET REPULSION INSTEAD OF SPRING ACTION

■ Strength of magnets are adjustable with PT-17 "Tuning Magnets".
Please note: PT-17 is sold separately. See below for details..

■ Tougher and more economical than springs.

Adjustable to your desired strength of magnets

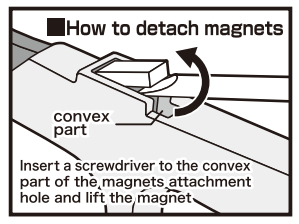

Tuning Magnets (sold separately)

〈Thickness〉 2mm・3mm・4mm (2pcs for each)

※3mm magnets are already installed on this product.

※Make sure to place the same pole of magnet against the other (N⇔N S⇔S)

※PT-15 can be used without magnets

⚠ CAUTION

- ●Shear blades are extremely sharp. Use carefully.
- ●Do not cut thick wood branch and metals as it may damage blades.
- ●Clean blades after use to prevent rust.
- ●Keep the product out of reach of children.
